

## Follow You Like Smoke

Elizabeth Cook

I'd stick to you like glue if I was able to  
Cling to you like vine, if you'd just say that's fine  
Hold you in my arms, and I would never tire  
Follow you like smoke from a fire  
I'd never run away, at your side I'd stay  
Won't leave you alone, if you'll just call my phone  
Always be around, if you just so desire  
I'd follow you like smoke from a fire  
I ain't got much cash, but I'm a smoldering ash  
Burning up for you, nothing I can do  
If I didn't say, I would be a liar  
I'd follow you like smoke, from a fire  
I'd follow you like smoke, from a fire
