

Honey Can I Put On Your Clothes

Elkie Brooks

Honey, honey, can I put on your clothes
Because they feel so good and they smell like you
Oh, won't you please let me
'Cause they get to me, they touch me and they move me
I get to thinkin' I won't be needin'
Anything more to keep me warm

I feel the feeling of you all the way through
No other feeling will ever do

Honey, honey, can I put on your clothes
'Cause they feel so good and they smell like you
Oh, won't you please let me
'Cause they get to me, they touch me and they move me
They're not brand new, they're a little worn through
But they're comfy and roomy, they do something to me

I feel the feeling of you all the way through
No other feeling will ever do

Honey, honey, can I put on your clothes
'Cause they feel so good and they smell like you

Honey, honey
Honey, honey
Honey, honey
Honey, honey
