Yeah I'm cold
Everything seems to be fine
On the surface I look good
But I don't feel the same inside
Something's wrong
And I know you can tell
But I never have to say
'Cause you know me too well
Ooooh

No need to worry
There's no urgency here
I'm all good
I'll be on my way
And I'm too proud to say I need
Anyone else but me
Then I'm right back on my street

And I find myself at home
No, never be scared
Home's where my family's at
I'm home
No, I'll never look back
Hold on to what I have
I'm not afraid to use the phone
'Cause I don't have to be alone
No, never be scared
Home, so I find myself at home

And it's alright
If there's one thing I know
To get that good feeling
And know just where to go
'Cause everything is easy
Everything falls into place
And if there's somewhere I can hide
When I just need to break
Ooooh

No need to worry
There's no urgency here
I'm all good
I'll be on my way
Aaah
I'm too proud to say I need
Anyone else but me
Then I'm right back on my street

And I find myself at home
No, never be scared
Home's where my family's at
I'm home
No, I'll never look back
Hold on to what I've
I'm not afraid to use the phone
'Cause I don't have to be alone
No, never be scared

Home, so I need to get home

I need to get home

Ah yeah, to the place I know

Yeah

Ooooh

Take, take me home

Take, take me home

Take, take me home

To the place I know

Take, take me home

Take, take me home

And I find myself at home

No, never be scared

Homes where my family's at

I'm home

No, I'll never look back

Hold on to what I have

I'm not afraid to use the phone

Cause I don't have to be alone

No, never be scared

So I find myself at home

No, never be scared

Homes where my family's at

I'm home

No, I'll never look back

Hold on to what I have

I'm not afraid to use the phone

Cause I don't have to be alone

Yeah

So I find myself at home
