

Lately  
I think I'm doing fine  
Don't know what's going on  
But I'm out of it

Maybe  
Desperate long enough  
To get bored of being mad  
But still it's out there  
Yeah still it's out there

It's almost 5:00am  
Don't wanna fall asleep  
I'm finding something she was missing  
It's almost 5:00am  
And I'm still going on  
I'm finding something to believe in

Clearly  
I'm doing something wrong  
She smile in my photographs  
I'm out of it

Maybe  
It means a lot to me  
It tells me how to smile  
And it's always out there  
Yeah it's always out there

It's almost 5:00am  
Don't wanna fall asleep  
I'm finding something she was missing  
It's almost 5:00am  
And I'm still going on  
I'm finding something to believe in
