

The End Of The World

ELLEGARDEN

It's cool to have you here with me
Let's go buy some clothes that fit you well
You should realize how you look
And who you are

No need to be afraid, no need to argue
It's their turn to be scared of you
You should realize
What he said insulted you

Can I jump in your life
Or would you sneak in my dream
Well you know I'm simply on your side
Let me handle your dream
Ima wa tada
Kono mama doko made mo zutto tonde yukitai ne
Kono mama zutto futari de sugoseru nara ii ne

I'm holding on and on to see
What's in the end of this world I care

Now I'm holdin' on, holdin' on to see
What is in the end of this world
It may impress us and it must be something new
I'm not gonna miss it. Hey !
Kono mama doko made mo zutto tonde yukitai ne
Kono mama zutto futari de sugoseru nara ii ne

Now I am waiting at next corner to see you showing up from the ledge
I'm waiting at next corner to see you are someone like me

I would be knocking on your door
So can you get your gear and say goodbye to all the stuffed animals you have
I'm knocking on your door
So can you get your gear and say goodbye to all the stuffed animals you have

I wait until...
Until you get dressed
