

There's a wave I want to beckon  
She's a master, she's a thief, she's a Wiccan  
Got to give yourself, don't stop yourself  
No getting wrapped up in your head  
It can set you free, it can make you see  
And it doesn't just happen in bed  
That tidal wave that makes my ears stop popping  
The force is shocking, eyes roll back in my head  
That tidal wave that turns my inside out  
And that makes me shout  
When I even forget who I am  
At first you may not be certain  
Is this real, what is real, and you're flirting  
Gotta risk it all, got to tempt the fall  
Though chemistry's over your head  
It's your only truth, though it feels uncouth

Some things are better unsaid  
That tidal wave that makes my ears stop popping  
The force is shocking, eyes roll back in my head  
That tidal wave that turns my inside out  
And that makes me shout  
When I even forget who I am  
That tidal wave that makes my ears stop popping  
The force is shocking, eyes roll back in my head  
That tidal wave that turns my inside out  
And that makes me shout  
When I even forget who I am  
Who I am (Who I am)  
Who I am (Who I am)  
Who I am (Who I am)  
Who I am  
I'm a slave, I'm a slave to my tidal wave  
I'm a slave, I'm a slave to my tidal wave
