

Down and Out

EMA

Everyone thinks you're worthless
When you're down and out
Noone scratch the surface
When you're down

Everyone's got to work is what they
Told you know
Everyone's got to work it now

What are you hoping
What are you hoping
What are you hoping for?
What are you hoping
What are you hoping
What are you hoping for?

Saying you need a sense of purpose
When you're on the floor
Think that maybe you deserve it
If you're poor

What are we hoping
What are we hoping
What are we hoping for?
What are we hoping
What are we hoping
What are we hoping for?

Hey
Don't go away
No more to say

Everyone thinks you're worthless
When you're down and out
Saying you need a sense of purpose now

What are you hoping
What are you hoping
What are you hoping for?
What are you hoping
What are you hoping
What are you hoping for?

Hey
Don't go away
No more to say
