

# Beautiful World

Emanuel

No matter what they say, no matter what they try  
It's beautiful to I

Beautiful world, a beautiful life  
Beautiful children all over the world  
Beautiful world, a beautiful life  
Beautiful children all over the world

As a youth, I always held my anger  
They never thought, Emanuel would live longer  
Them never know, everyday I get stronger  
Jah Jah bless me, so I always get a little wiser

Beautiful world, a beautiful life  
Beautiful children all over the world  
Beautiful world, a beautiful life  
Beautiful children all over the world

Hate, is their main ingredient  
I tell the bad boy them, to be a little obedient  
Learn a little about, the code of silence  
Just cool and chill, stop all the violence

Beautiful world, a beautiful life  
Beautiful children all over the world  
Beautiful world, a beautiful life  
Beautiful children all over the world

Everyday, keep yourself positive  
Outer street, them boys there negative  
You know, you always gotta be brave  
Almighty Jah Jah, always gives me courage

Beautiful world, a beautiful life  
Beautiful children all over the world  
Beautiful world, a beautiful life  
Beautiful children all over the world

As a youth, I try to hold my anger  
They thought that I wouldn't live longer  
Them never know, everyday I get stronger  
Jah Jah bless me, so I always get a little wiser

Beautiful world, a beautiful life  
Beautiful children all over the world  
Beautiful world, a beautiful life  
Beautiful children all over the world
