Embodyment

hold this sanity within your hands demons tease and migrate, soar on wings but you my guardian angel pull me through stay, darling - giving up, giving in, kiss your lover nylon barricades and window soul red cross meetings daily ground this root clever thoughts like you and me make us stay, darling - giving up, giving in, kiss your lover stay - I'll find you home - be not far from me roll the stone, the sun has brought the day cradle nothing in the arms of peace break time, lather, ointments aren't healing
