

Hurts

Emeli Sandé

Baby I'm not made of stone
It hurts
Loving you the way I do
It hurts

Hold tight it's a sing-a-long
I'm alright, I'm alright
But I could be wrong, baby
I know you remember me
5'3 in the back of the lavory, come on
You could at least try to look at me
Oh man, oh man
What a tragedy, ha ha
Bang, bang
There goes paradise
I chill
Why we always had to roll the dice, la la
Heartbeat in the regular
Two seats in the back of the cinema, hazy
Ah yeah, you're forgetting it
And all the mad shit we did after that, crazy
Your heart, calm as ever
I swear you're giving me shivers, shivers

Baby I'm not made of stone
It hurts
Loving you the way I do
It hurts
When all that's left to do is watch
It burns
Oh baby, I'm not made of stone
It hurts

Hold on it's a marathon
Run fast, run fast
Like the rivers run, got it
Never seen in the restaurant
I took a minute till the penny drops, you know
My tears don't fall too often
But your knife is cutting me deep
Deep (x6)

Baby I'm not made of stone
It hurts
Loving you the way I do
It hurts
When all that's left to do is watch
It burns
Oh yeah
Baby, I'm not made of stone
It hurts

It hurts the way
That you pretend you don't remember
It hurts the way
That you forget our times together
Like the time

Laid in bed when you said it's forever, baby
I can't, I can't explain no more

Baby I'm not made of stone
It hurts
Oh, loving you the way I do
It hurts
When all that's left to do is watch
It burns
Oh baby, I'm not made of stone
It hurts

Oh baby, I'm not made of stone
It hurts
Loving you the way I do
It hurts
