

## Leaving You With This (The Hoover Groover Remix)

Emil Bulls

Deep inside I don't feel alright  
It burns like fire  
It's twined around by barb wire  
It pricks it bites  
You'll need a life to cut it  
I'm too shy I'm too dumb  
Unable to talk about the things  
That are hurting me

It's so sad I can't turn my inside out  
It's so sad so many things to share  
It's so sad maybe I can't show my love  
It's so sad now I'm leaving you with this

Deep inside I hide a secret  
It burns like fire  
It's twined around by barb wire  
It pricks it bites  
You'll need a life to cut it out out of my mind  
I'm too shy I'm too dumb  
Unable to talk about the things that are hurting me

It's so sad I can't turn my inside out  
It's so sad so many things to share  
It's so sad maybe I can't show my love  
It's so sad now I'm leaving you with this

It's so sad maybe I can't show my love  
It's so sad now I'm leaving you with this
