

Glorianna

Emily West

Verse 1]

Don't let the light go out
It burns inside
In the ice, it's water
Weightless, having hope
Never, never, never alone

Don't leave us, Glorianna
You made us, Glorianna

Brought into life
And made to give life back
Life's a sun, like diamonds
Water, shaping a stone
Never, never, never alone

Don't leave us, Glorianna
You made us, Glorianna

Stay with us, Glorianna
You made us, Glorianna
Glorianna

Sing with us, oh lead us
Don't leave us, Glorianna
You made us, Glorianna

Sing with us, Glorianna
You made us, Glorianna

You made us
Stay with us
