

Cold

Emma Drobná

His name was a stranger
He was so full of himself
Meeting him didn't bring up the anger
Just made me uncover his shell

The way he treated me and my friend here
I've found a better person inside I wanna be
Brother of hers, he's been cold
But his heart is

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice

Then I found myself praying
For better days to come
But he, he just kept fooling
Everyone all around

The way he treated me and my friend here
I've found a better person inside I wanna be
Brother of hers, he's been cold
But his heart is

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

Cold, cold, cold as an ice
Dry, dry, dry as a bone
Cold, cold, cold as an ice

(Cold, cold, cold)
