

Go To Hell

Emma Drobná

I really want to be with you, I really do, but I need some time
Cause I will hurt myself or I'll hurt you, you say you're sorry
and I hit you twice
So I need some time to sober up, you were texting me, I wonder
if you ever stop
I smell your fingers burning, by the way, I guess you've change
d and now you know what to say
Go to hell
Hug me, kiss me, drive me crazy, get me high and higher
Love me, hold me, warm me, try me, hard and touch me harder
Hug me, kiss me, drive me crazy, get me high and higher
Tomorrow morning we'll be lazy, bedroom is on fire

Now you really want to be with me, you really do, but you're ki
nd of late
You've hurt me, left me cry alone, came back, got no respect, g
ot no regrets
Still I need some time to sober up, we're texting and you hold
that you can make it up
I smell your clothes are burning, by the way, I guess I changed
and now I know what to say
Hug me, kiss me, drive me crazy, get me high and higher
Love me, hold me, warm me, try me, hard and touch me harder
Hug me, kiss me, drive me crazy, get me high and higher
Tomorrow morning we'll be lazy, bedroom is on fire
Get me high and higher
Hard and touch me harder
Get me high and higher
Tomorrow morning we'll be lazy, bedroom is on fire
You'll remember me in the morning, I remember your body shaking
I'm ashamed of my stupid wrath, for every time I could've just
said
You know what this isn't working, what we have is special, I ca
n never lose it
I would just need to know, I would just need to know
Hug me, kiss me, drive me crazy
Love me, hold me, warm me, try me, harder
Hug me, kiss me, get me high and
Love me, hold me, touch me harder
Hug me, kiss me, drive me crazy, get me high and higher
Love me, hold me, warm me, try me, hard and touch me harder
Hug me, kiss me, drive me crazy, get me high and higher
Tomorrow morning we'll be lazy, bedroom is on fire
Get me high and higher
Hard and touch me harder
Get me high and higher
Tomorrow morning we'll be lazy, bedroom is on fire
