

# Heaven Only Knows

Emma Drobná

You and I were on a balcony talking 'bout the same things  
You regretting all you did and I wish I was a tree  
The oak one, I see, while you speak, while you explain yourself to me  
With no tears, one gets hurt, while you explain yourself to me

I didn't mean to say that at first I loved the clouds  
And the skies, skies turned blue  
Heaven only knows what I got from you

I got from you, yeah  
I got from you  
I got from you, I got from you, I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
Please don't ever take me wrong, I'm not even mad at you  
For a while now let it be, I need to know what's really true  
I need to be free like the birds that I see  
While you swear to me the same promises

You show up uninvited, and took away the peace  
There's not much I can do  
Heaven only knows what I got from you  
I got from you, yeah  
I got from you  
I got from you, I got from you, I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)

So I cut my hair short, people say it will bring me a change  
But in the morning, I, I still feel the same  
Sometimes we don't even know what's real, sometimes we don't, but we're faking laugh  
Let's say you will never ever touch me again

You've caused me pain and I feel the same, you're not my man, you've caused me pain  
You've caused me pain and I feel the same, you're not my man, you've caused me pain  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)

I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from you  
(Heaven only knows, heaven only knows, heaven only knows, heaven only knows)  
I got from, I got from you
