

# Yeah Baby!

Emma Drobná

There was a time a guy was touching me I didn't care  
He was loving me with every word, every play  
He came into my life but why didn't he  
Why didn't he stay?  
I'm starting to think I might be real stupid  
How could I've not seen this coming?  
I would have never cheated  
We all have one short life so don't go wrong  
Playing with mine  
Now every touch, every other guy gives me  
Is every opportunity for every guy to creep me  
And lie to me, try to f- with me, try to mess with me  
Now every touch, every other guy gives me  
Is every opportunity for every guy to creep me  
And lie to me, try to f- with me, try to mess with me  
There was a day I didn't feel well and he said, "Hey"  
"Let's just wait it out then" until it, all went to hell  
In the same shirt saw him there with a new girl  
(With a new girl, with a new girl) Right  
I'm starting to think he might be real stupid  
Wrapped up around me like I wouldn't know about it  
Well, I heard everything you need to run  
Don't wonder why  
Now every touch, every other guy gives me  
Is every opportunity for every guy to creep me  
And lie to me, try to f- with me, try to mess with me  
Yeah, baby I see your point  
Yeah, baby I see your point  
Yeah, baby I see your point  
I see your point yeah, baby  
Why would one feel to do? So everyone has  
One life so don't go around playing with mine  
I'm fair, 'cause you play with my heart  
And I only do have one  
Now every touch, every other guy gives me  
Is every opportunity for every guy to creep me  
And lie to me, try to f- with me, try to mess with me  
Now every touch, every other guy gives me  
Is every opportunity for every guy to creep me  
And lie to me, try to f- with me, try to mess with me (yeah, baby)  
Yeah, baby I see your point  
Yeah, baby I see your point  
Yeah, baby I see your point  
I see your point yeah, baby  
I'm starting to think I might be real stupid  
How could I've not seen this coming?  
I would have never cheated  
We all have one short life so don't go wrong  
Playing with mine
