

# Discovering Yourself

Emma Shapplin

Sitting in your room  
Clean cut and plain  
Looking so truthful  
Feeling no pain  
Temperature's rising  
In your freeze frame  
Temperature's melting...  
Your golden chains

Dancin' like a chinese clown  
Won't do much longer; no, no...  
Look at you now, coming down  
With your gun - O - O - O

Mommy cries, Daddy lies  
Everyday they die  
Everybody's in shock  
Losing control  
Daddy cries, Mommy lies  
What does it feel like  
Discovering you're stuck here ?

Deciding good  
Deciding bad  
Acting so proud  
And looking so sad  
Waiting in your bed  
Watching the door  
Waiting in your bed  
Ready to fall

Keeping yourself from the crowd  
Won't do much longer; no, no...  
Look out now who's coming down  
With a gun; O - O - O...

Mommy cries, Daddy lies  
Which way paradise ?  
Everybody's in shock  
Don't lose control  
Daddy cries, Mommy lies  
What does it feel like  
Discovering yourself ?

No love / no tear - No life / no fear  
No love / no tear - No pain / no fear
