

# Heart to Heart

Emmylou Harris

Heart to heart, we'll hold together  
Hand in hand, we'll find a way  
Oh, the storms of life may blind us  
But with the loving vows that bind us

Heart to heart, hand in hand we'll stay, side by side forever and always  
Day by day, till our lives are done  
This sweet love is ours to treasure far beyond all time and measure  
Side by side, day by day as one

The years cannot take  
What's between you and me  
We'll stand here together  
For the whole world to see

Heart to heart, there'll be no other  
Hand in hand for our love is true  
Oh, the words that we have spoken  
Will be a promise never broken

Heart to heart, hand in hand, side by side forever and always  
Day by day, till our lives are done  
This sweet love is ours to treasure far beyond all time and measure  
Side by side, day by day as one
