

Prayer In Open D

Emmylou Harris

D
There's a valley of sorrow in my soul
G
Where every night I hear the thunder roll
D
Like the sound of a distant gun
A
Over all the damage I have done
D
And the shadows filling up this land
G
Aew the ones I buildt with my own hand
D
There is no comfort from the cold
A
Of this valley of sorrow in my soul
D
There's a river of darkness in my blood
G
And thru every vein I feel the flood
D
There is no bridge for me to cross
A
No way to bring back what is lost
D
Into the night it soon will sweep
G
Down where all my grievances I keep
D
But it won't won't wash away the years
A
Or one single hard and bitter tear
D
And the rock of ages I have known
A
G
Is a weariness down in the bone
D
I use to ride it like a rolling stone
A
Now I just carry it alone
D
There's a highway risin from my dreams
G
Deep in the heart I know it gleams
D
For I have seen it stretching wide
A
Clear across to the other side
D
Beyond the river and the flood
G
And the valley where for so long I've stood
D
With the rock of ages in my bones
A
Someday I know it will lead me home
D
