Satan's Jewel Crown

Emmylou Harris

Now if I were a queen and a ruler of nations, With diamonds and jewels profound Well, I'd rather know that I had salvation Than to know my reward Would be satan's jewel crown

I've worm it so long but God for my Soul has reached down His love set me free He made me his own, and helped me cast off Satan's jewel crown

Oh, the life that I live so sinful and needless, Drinkin' and runnin' around All the things that I do for the love of the devil I know my reward Will be satan's jewel crown

Satan's jewel crown I've worn it so long But God for my soul has reached down His love set me free He made me his own, and helped me cast off Satan's jewel crown
