If hope is a dangerous hole
Will you join me?
Jump there's a world of war
Will you join me?
Eyes closed for lives to open up
To open up
Free fall with me to open up
To open up

I will guide you in the night (4x)

Love is best an illusion
Since time is so short
Jump with confusion
Eyes closed for lives to open up
To open up
Free fall with me to open up
To open up

I will guide you in the night (4x)

Who do you want to forget?
Want to forget?
Who do you want to forget?
Want to forget?

I will guide you in the night (8x)
