

## My Lovin' (You're Never Gonna Get It)

En Vogue

I remember how it used to be You never were this nice  
You can't fool me  
Now you talkin'  
Like you made a change  
The more you talk  
The more things sound the same  
What makes you think  
You can just walk back  
Into her life  
Without a good fight  
I just sit back  
And watch you make a fool of yourself  
You're just wasting your time

No, you're never gonna get it, never ever gonna get it, my lovin'

Now you promise me  
The moon and the stars  
Save your breath  
You won't get very far  
Gave you many chances  
To make changes  
The only thing you changed  
Was love to hate  
It doesn't matter what you do  
Or what you say  
She doesn't love you, no way  
Maybe next time  
You'll give your woman a little respect  
Then you won't be hearing her say that-

Doesn't matter what you do  
Or what you say  
She doesn't love you, no way  
Maybe next time  
You'll give your woman a little respect  
Then you won't be hearing her say that-
