

## Reach 4 Me

En Vogue

And if you think I couldn't hear you, keep calling  
I promise, baby, I'ma come around soon  
My love's not far away, so keep falling  
Meet at the bottom, I'll be waiting on you

That's all I really want, yeah  
All I really want, yeah  
So if you're really the one, yeah  
Then you'll reach no matter what, yeah  
(I'm not far away)

No matter how far it seems I've gone  
Reach for me, baby, baby, baby  
And if you want me, let me see them open arms  
Reach for me, baby, baby  
(I'm not far away)

And if you think I cannot see your vision  
Of giving you my heart and run away with you  
Ooh, I promise I'm not ignoring, I'm listening  
I'll tell you I'm ready, we can head for the moon

That's all I really want  
That's ll I really want, yeah  
So if you're really the one, yeah  
Then you'll reach no matter what, yeah  
(I'm not far away)

No matter how far it seems I've gone  
Reach for me, baby, baby, baby  
And if you want me, let me see them open arms  
Reach for me, baby, baby, baby

You ain't gotta wait long  
I'll be there before you know it  
(I'm not far away)  
No, I'm not far away, no  
Come and reach for me, yeah  
And if you didn't think I hear, keep calling  
Calling my heart  
(I'm not far away)

No matter how far it seems I've gone  
Reach for me, baby, baby, baby  
And if you want me, let me see them open arms  
Reach for me, baby, baby  
(I'm not far away)  
No matter how far it seems I've gone  
Reach for me, baby, baby, baby  
And if you want me, let me see them open arms  
Reach for me, baby, baby  
(I'm not far away)
