

Snowy Nights

En Vogue

Sitting here by my window
Watching the snowflakes fall
Wondering where they all come from
Laying here on my pillow
Trying to count them all
Taking a journey in my mind
I remember days of when
I would play in the snow with my friends, yeah yeah
And not a care in the world
Just as free as the snow upon my window

On the snowy nights
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights (Yeah)
Snowy nights, snowy nights
Snowy nights
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights
Snowy nights, snowy nights

So divine by design
Evidence of an honest hand
Made to love it and to enjoy my man
Even though with all the cheer
I sit and anticipate
Sometimes I can hardly wait at all
'Cause something deep insides me longs
For the Christmas joy I see
On the face of girls and boys
I become a child again
With the snow falling on my face
Takes me back to a happy place

On the snowy nights
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights
Snowy nights
Snowy nights, snowy nights (It's snowy)
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights
Snowy nights
Snowy nights, snowy nights (Falling)
Snowy nights, snowy nights (Against my window pane)
Snowy nights, snowy nights
Snowy nights (Woo-hoo)
Snowy nights, snowy nights (Yeah)
Snowy nights, snowy nights (Snowy)
Snowy nights, snowy nights (Snowy, snowy)
