

With My Honey

En Vogue

Nothin' like Christmas with your honey
It's nothing like sharing the joy and feeling and love that's a
round you
It's all about Christmas with your honey
It's about doing those things that makes you feel good Christma
s morning

Looks like just another Christmas
It's cold outside and it's about that time to wrap the presents
The difference this year, my baby is here, and I'm not lonely
We're having fun drinking nog by the fireplace

It's nothin' like Christmas (Ooh) with your honey (No)
It's nothing like sharing the joy and feeling and love that's a
round you (Yeah)
It's all about Christmas with your honey
It's about doing those things that makes you feel good Christma
s morning

Cooking, shopping, winter nights with my man walking
Playing board games with friends
Trimming the tree and watching movies
Cuddling up in bed with my baby is so satisfying, yeah
I'm so thankful this year that my baby is here
He's the best gift I've ever asked for

Nothin' like Christmas with your honey (Ooh ooh, with your hone
y)
It's nothing like sharing the joy and feeling and love that's a
round you, yeah
It's all about Christmas with your honey (Ooh, with my honey)
It's about doing those things that makes you feel good Christma
s morning
(Yeah, yeah, yeah)

Love is what Christmastime is made of
It's that time of year to have loved ones near
So pick up the phone and call them over
It's moments like these we treasure and keep
Hold in our hearts forever
Moment of bliss with every kiss
It's Christmas made in Heaven

Nothin' like Christmas (Ooh ooh) with your honey
It's nothing like sharing the joy and feeling of love that's ar
ound you
It's all about Christmas (Ooh) with your honey
It's about doing those things that makes you feel good Christma

s morning

(Yeah, at Christmas)

Nothin' like Christmas with your honey (With my honey)

It's nothing like sharing the joy and feeling of love that's around you
