

Believe...

End of Green

I have a dream so deep and so real
I have a dream of you and of me
I have sined and i have failed
many tears of crying
Many ways of dying
I have to believe in
I have to believe in

All that she said
believe in your way
everyday i dream of you

everyday i believe in you

I have a dream so deep and so real
I have a dream of you and of me
I have sined and i have failed
many tears of crying
Many ways of dying
I have to believe in
I have to believe in

All that she said
believe in your way
everyday i dream of you

everyday i believe in you
everyday i believe in you

Have you ever asked me what i feel

Have you ever asked what i am

I have a dream so deep and real
I have a dream of you and me
Every day and every night

...
so many tears i crying
Every day and every night

..
Have you ever asked me what i feel

Have you ever asked what i am
