

Sometimes I Realise

Engineers

Time was slower in there
Flowing back to the start
Tell me when take me there
Tell me how we should part

How has it come to this?
Met with a wall of silence
Feelis like I lost my grip
We let it go too far

Sometimes I realise
It's not me
One thing I've yet to find
Has found me.

Time was slower in there
Held me back from the start
Are you going nowhere?
Now's a good time to part

Wide off the mark we missed
Though we remained defiant
And now it's come to this
Now that we've come so far

Sometimes I realise
It's not me
One thing I've yet to find
Has found me.
