

# Goodbye Milky Way

Enigma

Shall I go? Shall I stay?  
107 light years away  
Many times, so many doubts  
But no reason to talk about

Mission is over, mission is done  
I will miss you, children of the sun  
Now it's time to go away  
Goodbye, goodbye Milky Way

For a better world without hate  
Follow your heart, believe in fate  
Only visions and the mind  
Will guide you to the light

Mission is over, mission is done  
I'll miss you, children of the sun  
Now it's time to go and say  
Goodbye, goodbye Milky Way

Mission is over, mission is done  
I will miss you, children of the sun  
I go home, until someday  
I say goodbye, goodbye Milky Way

5 billions years, the Andromeda galaxy  
Will collide with our Milky Way  
A new gigantic cosmic world will be born
