Goodbye Milky Way

Enigma

Shall I go? Shall I stay? 107 light years away Many times, so many doubts But no reason to talk about

Mission is over, mission is done
I will miss you, children of the sun
Now it's time to go away
Goodbye, goodbye Milky Way

For a better world without hate Follow your heart, believe in fate Only visions and the mind Will guide you to the light

Mission is over, mission is done I'll miss you, children of the sun Now it's time to go and say Goodbye, goodbye Milky Way

Mission is over, mission is done
I will miss you, children of the sun
I go home, until someday
I say goodbye, goodbye Milky Way

5 billions years, the Andromeda galaxy Will collide with our Milky Way A new gigantic cosmic world will be born
