

Modern Crusaders

Enigma

Don't look back, the time has come
All the pain turns into love
We're not submissive, we're not aggressive
But they think we can't defend

Stand up, join us, modern crusaders alive
We have the power to face the future
Cause we are the fighters, just fighting for our rights

They're accusing, like always without knowing
What is just fiction or what is the truth
They have no mission, they have no passion
But they dare to tell us what's bad and what's good!

Stand up, join us, modern crusaders alive
We have the power to face the future
Cause we are the fighters, just fighting for our rights

Est affectus, et defectus, semper in angaria
quod per sortem sternit fortem, mecum omnes plangite!

Nunc obdurat et tunc curat, ludo mentis aciem
egestatem, mecum omnes plangite!

Stand up, join us, modern crusaders alive
We have the power who'll face the future
Cause we are the fighters, just fighting for our rights
