

# Undercover Agents

Enter Shikari

And I said  
Park your car and come on up to my house  
We'll plan a revolution  
And I said  
Yeah, I think I'm ready to begin  
We'll destroy the disillusion

I am currently under construction  
Thank you for your patience  
We veneer and veil, we present a cold disguise  
We're all undercover agents

It's only in our heads  
It's only in our heads

I'm so done with the pressure  
Yeah, we try to control everyone's perception  
I'm done with the weather  
Trapped in the mist, I can't find myself

It's only in our heads  
It's only in our heads

I'm so done with the pressure  
I'm so done with the pressure

And I said  
If you want to go far and wide now  
We've got to go together

And I said  
If you want to go far and wide now  
We've got to go together

Tonight I'm howling with the wolves  
Yeah, I'm howling, can you hear us now?  
I was seeking another life  
And the moon was so bright

Tonight I'm howling with the wolves  
Yeah, I'm howling, can you hear us now?  
I was seeking another life  
And the moon was so bright

It's only in our heads  
It's only in our heads

I'm so done with the pressure  
Twist and control everyone's perception  
I'm done with the weather  
Trapped in the mist, I can't see the truth

It's only in our heads  
It's only in our heads

I'm so done with the pressure  
I'm so done with the pressure

Park your car and come on up to my house  
I want to see your body  
I don't want the gloss I want to see the truth  
I want to see your body

Tonight I'm howling with the wolves  
Yeah, I'm howling, can you hear us now?  
I was seeking another life  
And the moon was so bright

Tonight I'm howling with the wolves  
Yeah, I'm howling, can you hear us now?  
I was seeking another life  
And the moon was so bright
