

# Boundless Demonication

Enthroned

Reduce to ashes  
After seven years deep into the shadows of existence  
We are reborn to take this world  
Spells and bounds are ready to take your soul  
You`ll be trappes in your thorned cage!!  
For the second awakening, the seven swords of Ninnagesh  
Are shining in the face of God  
Let the unholy horde bring the plague!  
Fear our revenge!

Descending from the somber skies  
Renegade priests from the order of demonications,  
unleash upon mankind, a lustful force to see the world decay,  
within filth and torment, paradise falls into Hades

Prepare for agony, we set the world on fire  
Unlock the spirit of destruction  
In the name of Satan`s might

We break the chains, the seal of conversion  
Feasting the beast in his pleasure of blood...  
...degrade the mortal race...defile the heart of God!!!
