

Hitler vs Vader 2

Epic Rap Battles Of History

Adolf Hitler:
Who are you?

Darth Vader:
Someone who loathes you, bitch, now stand up and rhyme
I only thawed you out so I could beat your ass a second time
Roar like Chewbacca, the voice of Mufasa
I'm on the leader of your limp dicked Luftwaffe
I strike back hard against a Nazi
Brain toss your ass in the air, Yahtzee!
Ask Indiana Jones, who the fuck I am
I spit sick shit so focused I break your concentration camp
I'm a certified Sith Lord, you runt, so suck on these...

Stormtrooper:
These what, Sir?

Darth Vader:
These robot nuts!
I'm gonna enjoy watching you die
So let me do it with my own eyes

Adolf Hitler:
You're stressed Vader, you appear to be in pain
You need a vacation, here, take a trip on my train
I mean you, leading an army of white men? Disgraceful!
Even your mic skills still aren't fully operational!
You've got one bitch pregnant, and then gave in to the hate
Now you're 6'6' and black, but can't get a date
Lightsaber? You need a Live Saver
Use some of your force to fix your fucking respirator
You think you're powerful with your finger neck pinches?
You couldn't even get your own son into the family business!
Everything you do is na epic fail!
Now stand at attention and Sieg fucking Heil!
What's wrong Ani, can't you take any more?
Not surprising, coming from the emperor's whore!
Yeah, take that! What's the matter?
Where is the DJ, why are you laughing?

Stephen Hawking:
Because you're standing over the Rancor Pit.
