The way you're movin your thang, you got it goin on
Time to pop the sean dom
Take a swig of it - yeah drink it like a forty-oh
No champagne glasses, that's out the window
Push up and get my swerve on, take me there baby
Aww shit, pmd's gone
(where you goin p?) deeper and deeper
My mind's gettin stronger, she got me in the sleeper
Almost there, relax, just like I figured
Strapped down, still on the lookout for the gold digger
Blazin figure, sexin like holly
Hoes blunts and puff the ganja like bob marley
She's hardcore, ride it like an outlaw
Workin it, pullin with the lockjaw

I'm in the war zone - far away from home, no microphone
Just biters and tombstones on the real holmes
It's do or die, no fly guy, don't ask why
Rap is outta control, don't bungee jump or hangglide
Time to slip (slide) so save the lie
Hit squad won't die, them niggaz multiply
On the scene blowin up, sho' nuff
Wild haircut, what? don't give a fuck
This is me, peace to epmd
Took a break in nine-three now I'm back see
