

Last Man Standing

EPMD

The year is 2000. All the real motherfuckers left
PMD, Def Squad & Hit Squad and the virus
I'll tell you who I be (check it)

This is Erick Sermon one of God's children of billions
With more Hype than Williams
Maintain millions so when the world get close to ending
My squad prepare for squad spending

I ain't begot no weapon
I'm lying get caught off guard I'm firing
Until I hear sirens I'm Gone With The Wind
A black Clark Gable, doing 90 in the Lexus sport a fat cable

Never hold nothing back, I get the stress of my chest
Fell this so all the envious hear this
I catch wreck any punk in my way I'm banded, Why E?
Cause I'm the last man standing

"Whatever it takes how ever it gots to go down
4 mics on stage a motherfucking 4 pound"

Last man standing

Yeah, yo snap that neck, not playing with a full deck
Make a nigga sweat below the waist line by my Johnson
Where my tools kept,
Who I be? The code name PMD
Casualty to an MC who try to fuck with P, or E-Dub

Catch the burner with the snub, no love
A tight defense, like the glove, so bring it
Any song we drop I bet you sing it
Check the logo and slip up and get creamed kid

My pen is registered like Bruce Lee on loose leaf
My crew be, tipped down puffing loosies
Drop the slick shit, niggas want to get with
Swiss Smith, street cat strap the ?

Black the Ripper, by barracks, cold like anemic
Believe it, it takes years for y'all to achieve it
Cause I'm a go getter, I get the loot, I get the cash
The blunt, the weed, the hash

Then white with my friends in the Benz
Smoke fill the car until I blind my lens
I lock down my status, I be the baddest
Yes the one that get you open the most outspoken

Shogun assassin, Chinese connection, ninja masking
We turning to gravity,
B-boy with the pants Sagging
Ain't no stopping, on the case like Johnny Cochran

The beats knocking, mock speed is what I'm clocking, with who?
With Erick Serm, mess with fire you get burned

Like a bad perm it's the return that niggas yearn
What, PMD and the bandit, never stranded
Bust a canon, cause it's the last man standing
