

Raven's Curse

Epysode

All is lost to me inside
And the emotions have killed the light
I stand here with blood on my hands
Disconnected from this reality, I know
I'm not able to see what will come to be

Raven's curse brings me to hell
Severed ties from all
I tear away from my soul
And this ritual that I do for love
Tear away from my... I tear away from my soul

I dare to dream even if I'm afraid
Like an animal I'm pursued
Lost to live this instinct so cruel... So cruel
Now connected to these dark depths, I know
And I'm not able to stop it until my own death

Raven's curse brings me to hell
Severed ties from all
I tear away from my soul
And this ritual that I do for love
Tear away from my... I tear away (from my soul)

I'm the shadow you will see crossing burning bridges.
Just feel the curse... I'm the cure!
Maybe it's just a bad dream
No one can hear my screams
There's a short bridge between love and hate
So maybe you'll understand
Redemption is in my hands (Redemption is in his hands)
There's no away to escape from my anger
Sadness is the rain that falls from my eyes
