

I'm No Angel

Era

Late in the night
I came home to your silence
I knew it was over
Now you are gone, oh
I thought I was strong
When I fell into darkness
With nowhere to go, oh
Chorus:
Will you come back to me
With a smile on a rainy day
Or to tell you
Love me again
Will you be there with me
Coming down in the moonlight
And I know I'm no angel
I need you, love
I need you, I feel every day
Like a shadow
Walking an empty road, oh
And I thought I'd seen it all
Through my lifetime
Now from an empty room
I'm calling you.
Repeat Chorus 2x
And I know I'm no angel
I need you, love
