

## Andalusian Dog

Eraserheads

Please, I just got to talk to you  
Please, a getcha your head out of the loo  
Please, and we're a long, long way from home  
Please, you'd turn a young man's face to stone  
Sick as a dog, what's your story  
Sick as a dog, a cat got your tongue  
Sick as a dog, you'll be sorry  
Sick as a dog, you're really ain't that young  
Please, you were much to my surprise  
Please, you're the lady in disguise  
Please, you're the only a friend I got  
Please, you'll be the last to see me rot  
Sick as a dog, what's your story  
Sick as a dog, uum cat got your tongue

Sick as a dog, you'll be sorry  
Sick as a dog, 'cause ya really ain't that young  
Please, it's a shame you're so refined  
Please, you was the last thing on my mind  
Please, don't be late to take it light  
Please, you're gonna fade into the night  
Sick as a dog, what's your story  
Sick as a dog, uum cat got your tongue  
Sick as a dog, you'll be sorry  
Sick as a dog, 'cause you really ain't so young  
Take it light  
Take it light  
Take it light  
Take it light  
Say goodnight  
Take it light
