

Magic in the vine, sugar when I cook  
Shake and bake the flavor  
Come and take a look  
Nuts, nuts, nuts everywhere  
Berries and wine so divine  
They grow in my hair

It ain't easy being a fruit fairy  
Fruits are flights of fancy  
Just think  
Fruitcakes ain't fruitcakes without me

Here, take this wand in the air  
Surprise, surprise that really is my spatula  
All day long I tend the garden  
Talk to the leaves and dig the sun (dig)

It ain't easy being a fruit fairy  
Fruits are flights of fancy  
Just think  
Fruitcakes ain't fruitcakes without me

All day long I tend the garden  
Eat the bugs and water the plants  
Smoke em weed

It ain't easy being a fruit fairy  
Fruits are flights of fancy  
Just think  
Fruitcakes ain't fruitcakes

Ain't no fruitcake without me  
Ahh

It ain't easy being a fruit fairy  
Fruits are flights of fancy  
Just think  
Fruitcakes ain't fruitcakes without me
