

Outside

Eraserheads

It may be raining hard outside
But do we really care?
It may be cold and dark outside
But do we really care?
Blind windows
Deaf-mute doorways
If I said hello, would you stay
Or would you run away
It may be raining hard outside
But do we really care?
It may be cold and dark outside
But do we really care?
Cold showers
Beautiful flowers
Make my head spin
Why are you so mean?
Do you wanna get in?
