

Shadow Reads the News Today, Oh Boy

Eraserheads

Shadow is my friend
He'll be with me
Till the end
I don't have to
Make amends
Like that river
Round the bed

He won't let me down
Just chase me around
He won't get on my nerves
If it gets any worse

People are so strange
Everybody is deranged
Everytime I try to speak
They don't get it for a week

I'll get out of bed
Sing songs in my head
I'll wait for the sun
To shine on the one
Who never disagrees
And likes everything he sees
Let's go for a ride
The road is long and wide
