

# In the Name of the Heart

Erasure

(In the name of the heart)  
(Just call me darling)

(In the name of the heart)  
(Just call me darling)

Funny how it goes, sometimes  
Pain and lovers hands restricting

Funny how it rains then sunshine  
Will I see your pretty face tomorrow

It was something I never should have started  
How can I hide my misery

In the name of the heart just call me darling  
I will be there  
In the name of the heart I'll wait forever  
I will be there  
I'll be there for you

Funny how it goes, sometimes  
You can take away all of my sadness

Funny how it rains then sunshine  
Won't you stay with me until tomorrow

This was something I never could believe in  
All of the love you gave to me

In the name of the heart just call me darling  
I will be there  
In the name of the heart I'll wait forever  
I will be there  
I would sell my soul for you

This was something I never should have started  
All of the love you gave to me

In the name of the heart just call me darling  
I will be there  
In the name of the heart I'll wait forever  
I will be there  
In the name of the heart just call me darling  
I will be there  
In the name of the heart I'll wait forever  
I will be there  
I would sell my soul for you

(In the name of the heart)  
(Just call me darling)

(In the name of the heart)  
(Just call me darling)
