

Joan

Erasure

Never tasted

Power generation

You live up your life and it feels like fire, oh oh

Suspended in animation

A trick of the light and it drives you higher, oh oh

Blind vision blind faith

You really can be sold if you dare to disagree

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily, easily

Psychic celebration

Look up in the stars and see Venus rising, oh oh

Rapture, fascination

You live for the night and your own desire, oh oh

Blind vision, blind faith

You really can't rely on what they tell you for effect

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy, energy

Blind vision, blind faith

You really can be sold if you dare to disagree

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy

It's just not within the scheme of things

To give up your life so easily

That's not the way you're meant to be

What a waste of time and energy, energy, energy
Easy easy easy energy
