Gone with them other niggas, they ain't fuckin with
Hell yea, show you that it takes a real grown man to lay you down

Yea baby, I be killing shit

All night, I'm a have you feeling just how you want to

[Bridge 1:]

Just say that, say that
I could take you for a ride if you with that
If you single I'm a be the one to change that
I ain't spittin game, girl I really mean that

[Bridge 2:]

Bet I can make you come
Over and take your love
Just by the way you lookin I already know
I got you in that zone, don't act like we ain't grown
I'm tryin to give you what you want girl
