

# The Secret

Eric Burdon

I jused to watch you Jules LeBlanc  
When you thought no one was around  
I watched you walk down to the bayou's edge  
And gently lay your body down  
Your secret was my secret  
And it was all that I could do to keep it  
Keep it to myself and the power that I felt  
But somebody must have seen  
And burned a sacred candle in my name  
Because now there's a spell on me  
And I'm caught up in your purgatory chain

They found a body just this morning  
Out behind St. Genevieve  
That's the sacred place I won't let them desecrate  
The shrine you built for me  
Because your secret is still my secret  
And if it means I'll have to lose my life to keep it  
I'll take it to my grave for the love we never made  
Because somebody followed me and  
Spoke a lover's curse into our flame  
But now I can't runaway  
Because I'm caught up in your purgatory chain

I'm on fire ...  
I'm moanin' mmm....Yeah

Your secret is still my secret  
And it have to lose my life to keep it  
I'll take it to my grave for the love we never made  
But somebody must have seen  
And burned a sacred candle in my name  
Because now there's a spell on me  
And I'm caught up in your purgatory chain  
I'm your slave you've got me chained

No matter how far you go  
No matter where you're headed  
When you get there I will be there  
Waiting waiting in the rain  
Your secret is still my secret  
And if it means I'll have to lose my life to keep it  
I'll take it to my grave  
For the love we never made  
But somebody must have seen  
And burned a sacred candle in my name  
Because now there's a spell on me  
And I'm caught up in your purgatory chain

I'm your slave  
You've got me chained
