

Hangin' Around

Eric Church

I used to split hit the door
And get myself on down the road
Pick my clothes up off the floor
And on the wind I'd go
Let it blow me where the wild is
For the worse or for the better
Holdin' onto nothin'
Nothin' holdin' me together
Look at me

Hangin' around
Hangin' around
Hangin' around (ooh)
Hangin' around (ooh)

Make me sweat, sweat
Breaking out a fever, I get cranky
So hot, hot
Damn hot, shakes it, I get shake, shake

I rock to my own rhythm (I rock)
I roll to my own beat (I, I, I roll)
I play the movie villain
And now you got me playin' for keeps

Hangin' around
Hangin' around
Hangin' around (ooh)
Hangin' around (ooh)
(Help me)

Make me sweat, sweat
Breaking out a fever, I get cranky
Get so hot, hot
Damn hot, shake it like you shake, shake

Strangest change of places (I rock)
We're just scared today (I, I, I roll)
She's the one holding my aces
And I'm the one holding my breath

Hangin' around (ooh, yeah)
Hangin' around (ooh, ooh)
Hangin' around (ooh)
Hangin' around (ooh)
(Ooh, ooh)
