

she could be the one

Eric Hutchinson

she's got a smile that she hardly wears
she puts it on for me
the type you only see with millionaires and l.a. royalty
and that is when i know i could propose in fact i guarantee

she's got a magnetism that I know but never seem to find
she leads me places that i rarely go into her dirty mind
her kiss is a tattoo i couldn't remove if i was so inclined

i will have to wonder i will have to guess
what it's like to spend the night
and wake up in the morning as her guest

you know that she could be the one
she could be the one
she could be the one
if i didn't have you

she's got an innocence that don't seem real she buys another ro
und
she moves in fast and i begin to feel but could not make a soun
d
she's now the boss we could get lost but i can't fool around

i don't have to linger i don't have to stall
maybe so three years ago
but at this point i think i've seen it all

you know that she could be the one
she could be the one
she could be the one
if i didn't have you

don't let it get to you i could never ever leave
other girls could not undo how good you've been to me

and now i'm driving home I don't look back
i'm bringing you a kiss
but as i stop the car to pump some gas
i wonder where she is

you know that she could be the one
she could be the one
she could be the one
if i didn't...
if i didn't...
if i didn't have you
