

# Off the Edge of the Summer

Eric Paslay

We whispered wishes into wine bottles  
And we threw them into the ocean  
Did yours come true? I wished for you  
A band was playin' in the distance  
Somewhere across the water  
We didn't know the song, so we hummed along

Dancin' off the edge of the summer  
Watchin' it float away  
Didn't know if we'd ever get another  
So we couldn't just let it fade  
Didn't know what it was  
But it sure felt right  
Back when we thought love  
Was a party all night  
We were holdin' on to each other  
Dancin' off the edge of the summer  
Of the summer  
Of the summer

You said you'd write me a post card  
When you got back to your mothers  
I miss that view, you wrote in blue  
I keep it in my closet  
In a box under some covers  
I hate the truth, I still miss you

Dancin' off the edge of the summer  
Watchin' it float away  
Didn't know if we'd ever get another  
So we couldn't just let it fade  
Didn't know what it was  
But it sure felt right  
Back when we thought love  
Was a party all night  
We were holdin' on to each other  
Dancin' off the edge of the summer  
Of the summer  
Of the summer  
Of the summer

We whispered wishes into wine bottles  
And we threw them into the ocean  
Did yours come true? I still miss you

Dancin' off the edge of the summer  
Watchin' it float away  
Didn't know if we'd ever get another  
But I wish we could today  
Didn't know what it was  
But it sure felt right  
Back when we thought love  
Was a party all night  
We were holdin' on to each other  
Dancin' off the edge of the summer  
Of the summer  
Of the summer

Dancin' off the edge of the summer  
Of the summer
