

Explosive Love

Eric Saade

I'll take you one step forward
You take two steps back
You're so bad, so bad
And I don't know where to begin
Girl, you're right under my skin
You're so bad, so bad

We're not connected yet
But girl you won't regret
We're perfect harmonies
Could be a duet
No more closing away
Watching now with no delay
We're so bad, so bad

Baby give it to me right away
You're teasing me
With the games you play
Even if it's only for tonight
You can't deny
If we combine
It's explosive love
It's only fair, to the top
Explosive love
Let me move, get your love
Explosive love
It's only fair, to the top
Explosive love

The way you drop down low
And you bring it up slow
You're so bad, so bad
When I was ready for your lips
You came close and said "you wish"
You're so mad, it's so mad

It's time to cross the line
We should jump overboard
My hands around your hips
Ready to roll
Girl, I hate to see you go
But I love to watch you leave
I'm so bad, I'm so bad

Baby give it to me right away
You're teasing me
With the games you play
Even if it's only for tonight
You can't deny
If we combine
It's explosive love
It's only fair, to the top
Explosive love
Let me move, get your love
Explosive love
It's only fair, to the top
Explosive love

Easy come, easy go
Girl, I want you to stay
But that's the way that you play
You're so bad like that
Easy come, easy go
But you're one of a kind
You're the perfect design
You're so bad like that

(You're so bad like that)
(You're so bad like that)
(You're so bad like that)

Baby give it to me right away
You're teasing me
With the games you play
Even if it's only for tonight
You can't deny
If we combine
It's explosive love
It's only fair, to the top
Explosive love
Let me move, get your love
Explosive love
It's only fair, to the top
Explosive love
Explosive love
