

# Winning Ground

Eric Saade

Wanna stand on the edge  
Wanna feel that I'm here right now  
Yeah yeah  
Wanna scream from the top of my lungs  
Wanna show no doubt  
Yeah yeah  
I've been down for the count,  
I've been tasting the dirt too long  
Yeah yeah  
Yeah, but you take me high from my low  
Now I won't come down down down down down

Calling out for another round  
Won't stop now; can you hear the crowd?  
We're winning ground (Oh)  
We're winning ground (Oh)

Calling out, let the love surround  
To the stars cause I'm heaven bound  
We're winning ground (Oh)  
We're winning ground (Oh)

(Oh) Winning (3x)  
Winning ground  
(Oh) Winning (2x)  
(Oh) Yeah

Put your hands in the air  
Be prepared for a brand new day  
(New day)  
I was left, I was right  
Made mistakes, but I found my ways  
I've been down for the count,  
I've been tasting the dirt too long  
(Too long)  
Yeah, but you take me high from my low  
Now I'm here to stay, to stay

Calling out for another round  
Won't stop now; can you hear the crowd?  
We're winning ground (Oh)  
We're winning ground (Oh)

Calling out, let the love surround  
To the stars cause I'm heaven bound  
We're winning ground (Oh)  
We're winning ground (Oh)

(Oh) Winning (3x)  
Winning ground  
(Oh) Winning (2x)  
(Oh) Yeah

Look at the stars, let's get together (8x)

Calling out for another round  
Won't stop now; can you hear the crowd?

We're winning ground (Oh)  
We're winning ground (Oh)

Calling out, let the love surround  
To the stars cause I'm heaven bound  
We're winning ground (Oh)  
We're winning ground (Oh)

I'm calling now  
To the stars  
Calling down for another round  
We're winning ground (Oh)
